🔖 Portfolio

👤 PROFESSIONAL SUMMARY

I am a full stack web developer. I have a strong background in both front-end and back-end development. I specialize in building dynamic and user-friendly web applications.

On the front-end, I'm skilled in HTML, CSS, and JavaScript, and I'm proficient in frameworks like React.

When it comes to the back-end, I'm using server-side programming languages such as Node.js and PHP and also using framework like Express.js.
